

Julie Hansen – Pack 481

Golden Nugget – (spark plug) Award

For someone who confessed she was "not a camper," this Scouter jumped into Cub Scouting with both feet and gave several years of service to her Pack—two years as Assistant Cubmaster, and five as an Assistant Den Leader. She worked behind the scenes at every parent meeting, all community service projects, and even the Blue and Gold banquet; led the Pack on overnights at the Minnesota Zoo and Under Water World; and always strived to keep meetings fun, with the core values of Cub Scouting in mind. She was constantly looking for ways to make Cub Scouting better in the Pack; her cheerful attitude, sense of humor, willingness to help, and constant desire to make each event memorable and fun for the boys made her an outstanding Scouter. Never without a smile, loud laugh or encouraging word, she is a joy to be around. We will miss her now as her son has moved on to Boy Scouts.

Julie Hansen of Pack 481 is truly one of Lake Minnetonka District's "Gold Nuggets".
