

Jessica Harrell – Pack 477

Outstanding Cub Scout Committee Member

This Scouter not only does a terrific job at keeping her Pack on a sound financial foundation as Pack Treasurer, she also serves as Bear Den Leader. As Den Leader, her passion for learning new things really shows. She has brought outdoor adventure, creativity, special guests and fun to her meetings. For finger printing, she brought in a forensic scientist. She had the Scouts create dream catchers and drums to expand their knowledge of Native Americans, followed by a trip to the Minnesota Culture Museum. She encourages all Scouts to always do their best in everything they do, and is constantly looking for ways her Den and the Pack can give back to the community. She is currently working on her Wood Badge ticket to help improve herself, the Pack and others, and is aspiring to be certified in Leave No Trace so she can bring that knowledge to the rest of the Pack. Without her in the Pack, they wouldn't have had such a successful year and crossing over.

This is why Jessica Harrell of Plymouth Pack 477 is an Outstanding Cub Scout Committee Member in the Lake Minnetonka District.
