

Lee Parsons – Pack 283

Outstanding Assistant Cubmaster

At the time this Scouter was recruited as an Assistant Cubmaster, the Pack was losing members; numbers were down and they desperately needed to put the "outing" back in Scouting. He immediately brought the fun back to Pack meetings. Every meeting this past year has contained fun activities for both Scouts and parents; the families are happy, and attendance and membership are both again on the rise.

This Eagle Scout is also a very helpful and dedicated Tiger Den Leader, who has shown much enthusiasm for the Scouting program. He keeps in touch with all of his Den families, informing and updating them on everything that is happening, and takes the time to accommodate each family's needs. He plans many fun activities for not just his own Tiger Den, but has helped with many ideas for Pack meetings and other Cub Scout events. As he is now stepping up to the role of Cubmaster, the Pack Committee is confident he will perform admirably, as he always has.

Lake Minnetonka District is honored to present Wayzata Pack 283's own Lee Parsons this award for Outstanding Assistant Cubmaster.
