

## Mitchell Brew – Troop 206

### Outstanding Assistant Scoutmaster

After relocating his family from Virginia to Minnesota, this Scouter proactively searched out and contributed to all areas of his Troop's leadership team. He's a staunch believer in training, as evident by his completion of all his own required training, plus Wilderness First Aid / CPR and Wood Badge. He's also taken this same passion to advising the Troop's Scouts on planning monthly "advancement night" activities, including first year Scouts and merit badges, and encouraging Grey Wolf / NYLT training for all new youth leaders. He always looks for more ways to contribute, and has filled many gaps on weekend campouts, at weekly Troop meetings, OA service opportunities, and even some much appreciated coaching of his Scoutmaster. For something different and unique, he also took a crew of Scouts back east to Virginia to experience their local Lenhok'sin backpacking adventure, and will be co-leading a Philmont crew this summer. His son is a Life Scout, and is also active in the Troop.

Lake Minnetonka District is pleased to recognize Mitchell Brew of Long Lake Troop 206 as our Outstanding Assistant Scoutmaster.
