

## **Mike Wood and Brett Morrison**

### **Pack 206**

## **Outstanding Cub Scout Committee Members**

This next dynamic duo sets a brilliant example for the newer parents in their Pack. These two gentlemen not only lead their Den, but have made so many things happen for the entire Pack behind the scenes. For the Fall Family Campout, they reached the campsite early, set up camp and operated the grills and stoves at meal time. For the Pack's Pinewood Derby, these same superheroes arrived the evening before to set up and organize the construction and tear down crews. For the local school open house, these two Scouters operated a robotic wrecking ball machine that drew a crowd and motivated boys to join Scouting.

Though they are not often in the limelight, they are two of the important people behind the curtain that make their Pack a great place for boys. Since their sons have crossed over to Boy Scouts, the Pack members feel their absence and miss their quiet leadership and cheerful Scout spirit.

Lake Minnetonka District is pleased to honor Mike Wood and Brett Morrison of Mound Pack 285 as Outstanding Cub Scout Committee Members.
