

## Rajan Family

### Outstanding Cub Scout Family

Everyone in this family is in some way involved with the Scouting program. Mom presides over the Pack Committee, but is quite active on both the Pack and Troop levels; you might see her successfully managing a membership campaign, helping out at a pancake breakfast, working on her Wood Badge ticket, or instructing at the University of Scouting; all while ensuring the Scouting experience is a positive one for everyone.

Dad is one of the important people behind the scenes who keep the wheels greased, running to the Scout Shop, driving Scouts to and from activities, picking up cupcakes and generally handling the many little details that make any Scouting event meaningful.

Their sons are active as well; one is a Den Chief, making memorable experiences for his Cub Scout Den, while his younger brother is a very active Webelos Scout.

Nira and Raj Rajan and their sons of Pack and Troop 283 in Wayzata are this year's truly deserving Outstanding Cub Scout Family in the Lake Minnetonka District.
