

Simon Family

Outstanding Boy Scout Family

This family's Scouting journey started several years ago in the Cub Scout program, where mom worked her magic as a Den Leader, guiding all three of their sons through the ranks, eventually crossing them and the other boys in their Den over to the Troop.

Dad was finally convinced to spend at least a few hours a month to Scouting, which led to his position as Scoutmaster for many years, where he provided leadership training, guidance and high adventure opportunities for the Scouts. He later moved into his final role for three years as Committee Chair.

Mom took on the Recruiter role for the Troop, planning, answering questions of prospective Scouts and parents, and at one point had twelve boys join in one year as a result of her efforts and talents.

With their youngest son becoming Eagle and turning 18, this very active couple will be stepping back to enjoy Scouting retirement, and will finally need to find something new to do on Monday nights. The Troop will always be in debt to them for their contributions and the lives of many Scouts who traveled along the Scouting trail with them.

The Lake Minnetonka District proudly recognizes Neal and Nancy Simon and their sons of Victoria Troop 337 as an Outstanding Boy Scout Family.
