**YOUNG EAGLES PROGRAM
AGREEMENT TO WAIVE LIABILITY, ASSUME RISK, AND INDEMNIFY;
RELEASE FOR USE OF PHOTOS AND IMAGES**

The young person listed below (The "Participant") wants to take part in the Experimental Aircraft Association, Inc. ("EAA") Young Eagles program, including riding in an airplane. The Young Eagles program is conducted by volunteer EAA member pilots who are licensed by the Federal Aviation Administration ("FAA"). These volunteer pilots fly a wide variety of aircraft that are also licensed by the FAA. I represent and warrant that I am the Participant's parent or legal guardian and that I have the authority to enter into this agreement on behalf of the Participant. In exchange for being allowed to take part in the Young Eagles program, the Participant and I agree as follows:

ASSUMPTION OF RISK

The Participant and I understand that flying in airplanes and being around airplanes involves risks. Serious injury or death can result from many causes, including without limitation airplane crashes, falls, pilot error, ground crew error, engine or mechanical failure, negligent maintenance, defects in runways, interference by wildlife and other objects, difficult search and rescue conditions, inadequate emergency response, weather or terrain conditions, contaminated fuel, or hard or forced landings. Injuries could be minor such as bruises, scratches and sprains, major such as eye injuries, broken bones and concussions, or catastrophic such as paralysis, severe burns or death. If the Participant is old enough to understand these risks, I have explained them to him or her. **The Participant and I (for ourselves, our heirs, family members, personal representatives and assigns) assume all risks and full responsibility for any injury or death arising from taking part in the Young Eagles program including riding in an airplane.**

AGREEMENT TO WAIVE LIABILITY AND NOT TO SUE

The Participant and I (for ourselves, our heirs, family members, personal representatives and assigns) release and discharge: (a) Experimental Aircraft Association, Inc.; (b) EAA Aviation Foundation, Inc. ("Foundation"); and (c) the officers, directors, members, chapters, employees, agents, divisions, affiliates and volunteers (including pilots, owners and operators of airplanes used in the Young Eagles program) of each of those corporations (collectively, the "Releasees") from, and agree not to sue the Releasees or any of them for, any and all claims against any of the Releasees for any injury or death arising from the Participant's participation in the Young Eagles program. This release, discharge and agreement not to sue applies to all legal rights, including those resulting from any negligence of Releasees, other than those resulting from the gross negligence or willful misconduct of such Releasee.

INDEMNIFICATION

The Participant and I agree to indemnify and hold the Releasees harmless from any claims, costs, damages, and liabilities, including attorney's fees, arising from taking part in the Young Eagles program. **This duty to indemnify and hold the Releasees harmless applies even if any of the Releasees is negligent; however, indemnification of any Releasee is not required if such Releasee is grossly negligent or has engaged in willful misconduct.**

PHOTO AND IMAGE RELEASE

The Participant and I hereby give the Releasees the absolute and irrevocable right and permission to use photographs, pictures and/or images of the Participant taken at or derived from his or her participation in the Young Eagles program (the "Images") in whole or in part, with or without alteration or modification, in any and/or all manner and in any and/or all media, in connection with EAA's or the Foundation's activities, programs, publications and publicity.

LEGAL ADVICE

I know that I can talk to my legal advisor about this Agreement and I have either done so or chosen not to. I understand that I have the right and have been given the opportunity to object to and bargain about the provisions of this Agreement. **I am voluntarily signing this Agreement and intend it to be the unconditional release of all liability to the greatest extent allowed by law.**

Before Signing, Carefully Read This Entire Agreement

Note from EAA: If an accident were to occur, you and the Participant (by signing this Agreement) would be giving up legal rights and incurring legal liabilities. If any part of this Agreement is held invalid, the rest of the provisions shall remain in effect. If you do not understand anything in this Agreement, you should not sign it and you should talk to your legal advisor.

What is EAA Young Eagles?

Have you ever wondered what it's like to fly? The EAA Young Eagles program gives young people ages 8 - 17 the opportunity to go flying in a general aviation airplane. These flights are offered free of charge and are made possible through the generosity of EAA member volunteers. Each Young Eagle becomes part of a special group that has shared a common experience—the thrill of flying!

What parts make up an airplane?

Airplanes come in many shapes and sizes, but they all have similar parts. The diagram to the right shows the basic parts of any airplane, which your pilot can explain in greater detail.

- | | |
|-----------------------|--------------|
| A. Propeller | E. Ailerons |
| B. Engine Compartment | F. Flaps |
| C. Landing Gear | G. Rudder |
| D. Wings | H. Elevators |

Meet your pilot.

The pilots who participate in the Young Eagles program are local members of EAA who are volunteering their time and aircraft to make your flight possible. Each pilot is certificated with the Federal Aviation Administration (FAA). All flights will be conducted according to federal regulations. In addition, no aerobatic maneuvers will be performed.

What will my flight be like?

Your Young Eagles flight will last approximately 20 minutes and follow the basic steps in the illustration to the right. You will see the earth and sky in a new and exciting way. You will experience the wonderful freedom of flight that many people only dream about. Many people remember this experience for the rest of their lives. You will, too!

Safety reminders

Millions of people fly safely in airplanes every year. Safety is always the top priority. Always listen carefully for instructions given by your pilot, or ground crew at all times.

How do I participate?

If you are ages 8 through 17, you and your parent/guardian need to read through this brochure and complete and sign the registration form before your flight. Once the form is ready, take it to your EAA pilot, who will prepare you for your flight. You may ask your volunteer pilot as many questions as you like. In doing so, you'll learn more about airplanes and the principles of flight. That's all there is to it. It's really that simple!

What's Next?

Step 1: Young Eagles Flight

After your flight, your pilot will present you with your very own Young Eagles logbook, along with an entry for today's flight. Inside that logbook, you'll find more information on how to unlock the following exciting opportunities.

Step 2: EAA Student Membership

Go to YoungEagles.org/join and enter the unique code that came with your logbook. Your free membership includes *EAA Sport Aviation* magazine online, e-newsletters, free admission to 300+ science and technology museums, and much more.

Step 3: Sporty's Learn to Fly Course

As an EAA Student Member, you'll receive free access to Sporty's Learn to Fly Course (\$199.99 value). This interactive online course uses real-world video and incredible 3D animations to help you learn the basics of flight. Plus, EAA will reimburse you when you pass your FAA written exam (\$150 value).

Step 4: First Flight Lesson

If you're at least 13 years of age and have completed the first three volumes of the Sporty's Learn to Fly Course, you'll qualify for a free first flight lesson at a flight school of your choice. This step is easy—EAA will contact you as soon as you qualify!

Step 5: EAA Scholarships

There's help out there to support your aviation dreams! You have access to flight training and college scholarships through EAA, including the EAA Air Academy. These scholarships are underwritten by donors who want to help you achieve your dream of learning to fly.
