

District Award of Merit -- Dana Geller

Our next Scouter has been active in the program since her oldest son started as a Tiger Cub. She serves in numerous capacities in her Cub Scout Pack, from serving as Treasurer to handling camp registrations and coordinating food for events, and has been a strong contributor in Unit service for many years.

For the last couple of years, she has also made a big difference in the District in her role as Popcorn Chair. This past year under her leadership, the Lake Minnetonka District had the second best results in the Council for popcorn sales. She's done a great job coordinating popcorn sales, and because of that, assisted Lake Minnetonka District with finance goals and qualifying for JTE Gold Status.

The Lake Minnetonka District is pleased to recognize Dana Geller as a recipient of the District Award of Merit for the great work she has done.
