

Outstanding Chartered Organization Wayzata Community Church

It's no secret that Wayzata Community Church has been a significant partner to Scouting in our District for over a century. They have always been generous, giving and cooperative with Scouting, and this positive relationship continues.

The District recently had a new Unit who needed a chartered partner, and Wayzata Community Church was more than willing to accommodate them under their Scouting umbrella. For Roundtable this year, we did not have meeting space, and their staff was most supportive to accommodate the District for our monthly Roundtables as well as extra meetings such as the District Committee meeting in April. The church had a difficult year following the loss of the staff member who always made sure the Scouts had what they needed with all the details, but the new custodian staff has been very supportive while they learn the ropes. Today the church sponsors a Cub Scout Pack, Boy Scout Troop, and not just one, but two Venturing Crews.

The kind folks at Wayzata Community Church have always been there for Scouting, and the Lake Minnetonka District, along with Pack, Troop and Crew 283, and Crew 345, are proud to recognize them as an Outstanding Chartered Organization.
