

## **Outstanding Troop Committee Chair Heidi Busch**

This Scouter was a bit skeptical to take over the position of Troop Committee Chair, but stepped up and filled the role nicely. A captain in the U.S. Army for nine years, she had many troops under her command, and uses many of those same skills when it comes to running the Committee. She does her homework and has the meeting fully outlined on a power point presentation, to make sure all topics are addressed, and so everyone knows what is on the horizon for the Troop.

She works well with the Scoutmaster and Assistant Scoutmasters, and with the other adult committee members. She has many hands to help her so she can concentrate on helping to make sure the needs of the boys are met and what they have planned for upcoming meetings and outings is going to happen. She has also taken on the task of being the coordinator for Many Point, making sure the boys get signed up for the merit badges and activities they want to do.

The Lake Minnetonka District is pleased to recognize Heidi Busch of Chaska Troop 174 as an Outstanding Troop Committee Chair.
