

Outstanding Troop Committee Member -- Angelica King

This Scouter constantly goes above and beyond her official role as Advancement Chair for her Troop. The amount of work she does to manage the advancement needs with a Troop of 80 young men is not a minor effort. She supports the efforts of the Committee, the Scoutmaster, and the boys to keep track of merit badges, service hours, advancement and other recognitions. With over 18 Eagle Scouts in the last three years (including her own two sons), the Troop leadership recognizes the immense task she takes on to make sure everything is submitted on time.

Prior to joining the Troop seven years ago, she was a Den Leader with the associated Pack. They are fortunate she still has a boy in the Troop, but are afraid it may take a team effort to carry the Troop forward when she eventually steps down. In addition to Advancement Chair, she serves as official photographer for the Troop, and it was just announced she was a first-prize winner in the Leadership Center Photo Contest. On a Sea Base adventure in 2016, she showed she can not only support the Troop with Advancement, but also on many of the outings where she is involved.

She embodies Scout spirit in all of her Troop activities, knows every Scout in the Troop and conveys a positive attitude, while reminding them that advancement is only one part of the program. Every Scout's advancement and merit badge is recognized equally, and she helps them identify meaningful Eagle projects as well. She is a very valuable member of the Troop.

Medina Troop 537 is pleased to honor Angelica King as an Outstanding Troop Committee Member in the Lake Minnetonka District.
