will be taking place on

A few hundred kids participate on both Saturday and Sunday. This event takes place during the Minnesota Sportsmen's Show at the St. Paul River Center. Volunteers helping out with the clinics will get into the show **FREE** of charge. We'll have around 9 or 10 stations that include knot tying, casting, water safety, the baiting game, fish identification, the great minnow race, etc.

The stations are typically staffed by very experienced anglers. We are looking for any Venturers, Explorers, Boy Scouts and adults who would like to help out the staffed stations – on one or both days.

If you are interested or have any questions, please contact Bob Thielen at bthielen@nsbsa.org. Bob will be tracking names of volunteers, to ensure **FREE** admission to the Minnesota Sportsmen's Show.

And yes, Ron & Raven will both be there!!
