

TONIGHT'S PROGRAM:

1. 7:30-7:40 Welcome & Introductions
2. 7:45-7:50 Pledge of Allegiance
3. 7:50-7:55 Song: One Word at A Time (Wild Conductor)
4. 7:55-8:00 Charge Cheer
5. 8:00-8:15 Education / Program / Skit
 - a. Week 1 Bear Necessities Demo
6. 8:15-8:25 Information
7. 8:25-8:30 Song: Our Cub Scout Leaders have a Band
8. 8:25-8:30 Round of Applause
9. 8:30-8:50 Breakouts
10. 8:50-9:00 Closing

Thank you all for attending Roundtable!

ONE WORD AT A TIME SONG

Place the names of many familiar songs in a hat. Have one person draw out the name of the song, and then the 'Wild Conductor' points to people one at a time, and when pointed to, the person will sing the next word in the song.

CHARGE CHEER

Hold both fists in front of your mouth (like you are holding a trumpet), with one fist touching your lips, and then sing "Da-da-da-dat-da-dah!"

PLANNING A MENU

Grocery Ads

Toy Food (Optional)

Pen/Pencil & Paper or Planning Sheet

Plan a SIMPLE balanced meal including fruits and vegetables and a healthy drink that will involve minimal cleanup.

- Be aware of any allergies in your group and adjust accordingly.
- With the den, decide who will buy and transport the food. Will you do it as a group? Will every Scout bring part of the meal?
- Discuss how all other members of the den are trusting and counting on each Bear to keep his word and bring the item he promised so the whole group can enjoy the food.

SET UP TENTS

Materials:

Tents

Space enough to put them up

Allow enough time for the scouts to set up the tent by themselves and only offer help if they are really stuck. If possible, provide a picture of what it looks like in stages of assembly.

OUR CUB SCOUT LEADERS HAVE A BAND

TUNE: OLD MACDONALD

{assign groups to make "sounds", point to them for chorus sounds, change Leaders to scout type, add more instruments, etc.}

Our Cub Scout Leaders have a band,
E-I-E-I-O.

And in their band they have a *drum*,
E-I-E-I-O.

With a (drum drum) here, and a (drum drum) there,
Here a (drum), there a (drum), everywhere
a (drum drum),

Our Cub Scout Leaders have a band,
E-I-E-I-O.

Our Cub Scout Leaders have a band,
E-I-E-I-O.

And in their band they have an *oboe*,
(repeat above with "blow blow")

ROUND OF APPLAUSE

Clap your hands in a large round circle shape in front of your body.

MAKING A BAROMETER

Materials:

- Plastic wrap
- Scissors
- Wide-mouthed jar or large plastic cup
- Large rubber band
- Lightweight drinking straw
- Tape
- White cardboard
- Pen

Step 1: Cut a piece of plastic food wrap large enough to cover the top of the jar and fold it over, halfway down the sides. Pull on the sides of the plastic wrap for a drum-tight fit — to work, this project must have an airtight seal. Wrap the rubber band around the side of the jar to secure a tight fit.

Step 2: Place the straw on top of the plastic wrap so it rests horizontally on the surface with its end near the middle of the jar opening. Use a small piece of tape to secure in place.

Step 3: Stand the cardboard behind the jar and note the height of the straw. Draw horizontal lines in fine increments on the cardboard, above and below the height of the straw.

Step 4: Place the barometer in a location where there are no drastic temperature changes (e.g., not near a radiator or window). Note the position of the straw to see changes in the straw's position, especially before and after a changing local weather condition. Graph the changes on the cardboard gauge behind the straw, for future reference.

HOW IT WORKS

Air pressure is pushing in every direction all around us. During dry and calm weather — a high atmospheric pressure condition — it presses against the top of the jar, making the other end of the straw rise.

Conversely, approaching wind and rainstorms are usually preceded by a low-pressure condition. The lowering straw level is an indicator of this.

LIGHT SWITCH TAG

When someone is tagged, they must squat down and hold one arm up and out to the side, like the "light switch" is in the "on" position.

To get back into the game, someone must "flip" the frozen person's light switch "off" and they're back in the game!

Team with the most players switched 'off' at the end of the time limit wins!
Guaranteed good time!

Scout Vesper

Tune: "O Tannenbaum"

Softly falls the light of day,
While our campfire fades away.
Silently each scout should ask:
"Have I done my daily task?
Have I kept my honor bright?
Can I guiltless sleep tonight?
Have I done and have I dared
In everything to be prepared?"
