

2019 Lake Minnetonka Volunteer Recognition

Outstanding Cubmaster -- Jeff Jurek

In his position as Cubmaster for a little over two years now, this heroic Scouter has brought his experience, personality and charisma to the role. A mild-mannered accountant by day, he dons his Cubmaster cape and makes sure the youth in the Pack enjoy all aspects of Scouting from the meetings and camps, to popcorn sales, community service and so many other activities. He wants each and every Cub Scout to get everything they can out of Scouting, just as he did as a youth.

Highlights of our superhero's adventures include dressing up as a chicken for a song, learning to play the guitar for a Pack campfire, producing a Pinewood Derby training video for Scout families, and creating STEM projects -- and let's not forget his epic GoPro ride at Polar Cubs. He's not limited to serving the Scouts either -- he shares his knowledge with parents and leaders, and teaches other Cubmasters the ropes at the University of Scouting.

Going way above the call of duty to provide a visible, fun and inviting program to the Cub Scouts of Plymouth Pack 477, makes Jeff Jurek an Outstanding Cubmaster of the Lake Minnetonka District.
