

## 2019 Lake Minnetonka Volunteer Recognition

### **Glowing Ember Award** **Karen Klinsing      Troop 3330 – Chanassen**

Karen has been the resource scheduler for troop 3330 for the past several years. During that time, Karen has been unflappable. She is always willing to make the last minute call to adjust a reservation as Mother Nature, the scoutmaster or the PLC develops last minute "adjustments" to the plan. Always forward thinking, Karen is a genius at spotting conflicts and difficulties -- which means a much better program for the scouts of troop 3330. Finally, although this nomination is for troop 3330, it is worth noting that she cheerfully doubled her work when she agreed to be the scheduler for the newly formed troop 5330 as well.
