

2019 Lake Minnetonka Volunteer Recognition

Glowing Ember Award Mitchell Brew Troop 3206 - Long Lake

The Glowing Ember Award is intended to recognize individuals who have gone above and beyond in their contagious enthusiasm, leadership, and devotion that benefit the scouts of their troop. Mitch Brew is such an individual. He has been an Assistant Scout Master for Troop 206 for over 4 years. He has been an invaluable leader on 2 treks: a Philmont trek, and the adult coordinator for a Lenhok'sin high adventure in Virginia. Currently he is guiding senior scout leadership to create and implement a plan for integrating the first year scouts into the troop and earning the rank of tenderfoot. Mitch brings a passion for scouting that is second to none, and is still an integral part of our leadership, even though his oldest son has Eagled out of the troop. Mitch is someone we can count on when tasks need to be done, guiding the scouts to achieve their highest potential.

We highly recommend Mitch Brew for the Glowing Ember Award.
