

2019 Lake Minnetonka Volunteer Recognition

Outstanding Commissioner -- Nick Fasching

Those who encounter our next Scouter will agree he cares about youth and about Scouting, and is all about getting Scouts engaged and involved, whatever the activity. He is a super leader to the boys and their parents, and encourages adults to get involved with Scouting, whether serving on a Unit Committee, helping at an activity or just pouring Kool-Aid at a Pack meeting. He pushes you to your potential while offering you full support.

He has served as a Unit Commissioner for many years without fanfare, and handles his responsibilities effortlessly. Whatever problem a Unit has, he always seems to come up with a workable solution for everyone.

Recently appointed District Commissioner, he quickly made his mark at the Pinewood Derby Fest at Ridgedale by bringing in a climbing wall for youth to test their skills, and helped plan and organize the event in multiple ways. When a blizzard forced a Roundtable to be cancelled, he quickly helped organized a Facebook Live event to communicate needed information to the members.

Wherever the action may be is where you'll find this superhero, whether leading a Troop at Many Point, training at Wood Badge, packaging food at Feed My Starving Children, assisting with recruiting, or leading OA Unit elections, he leads, supports and provides resources wherever he can.

The Scout spirit and energy he instills in his Scouts and his Units lead us to believe we can only expect more great things from Nick Fasching, truly a Lake Minnetonka District Outstanding Commissioner.
