

2019 Lake Minnetonka Volunteer Recognition

Steve Carlson **Glowing Ember Award**
Troop 5330 - Chanhassen – Girls

Steve Carlson serves troop 5330 as its advancement chair. His kind presence and calm demeanor has meant that the girls of 5330 have another source of information as they gradually grow in their understanding of how scouting works. In addition, Steve has a strong mind for program and can be counted on for suggestions to refine an existing program idea. Sometimes the ideas are simple -- like give each kid a piece of gum, have them chew it and then use the gum to weigh the hollow chess pieces which keep blowing over. Other times his suggestions are comprehensive -- such as an excellent space exploration MB program. Although this award is for his work with troop 5330, Steve remains an active assistant scoutmaster with troop 3330 as well.
