

2019 Lake Minnetonka Volunteer Recognition

Outstanding Scout Family -- The Busch Family

This incredible Scouting family became involved in their Troop when their older son crossed over from Cub Scouts.

After being with the Troop for just a short time, mom volunteered to serve as Committee Chair, and has done a terrific job keeping everyone on track, and helping the Troop to be more organized. Just recently she helped to start the linked girls' Troop. She is currently becoming Scoutmaster trained and plans to attend Wood Badge soon.

Dad was one of the leaders in creating a new Troop website, which was a great improvement for the Unit. Following that accomplishment, he stepped up to serve as the Troop's Advancement Chair -- another big job -- and has already helped over six Scouts attain their Eagle rank. All this time, he was also a Den Leader and Cubmaster while their younger son was in Cub Scouts. He is also now working to become Scoutmaster trained.

Their children are just as active. Their older son has held several leadership positions, including two terms as Senior Patrol Leader, and represented the Troop at Grey Wolf. Their younger son just joined the Troop and has already attended almost every activity, meeting or service project. Their daughter is one of the charter members of the new girls' Troop.

Their cheerful dedication, enthusiasm and super Scout spirit make Heidi, Paul, Johnny, Benjamin and Olivia Busch of Chaska Troops 174 an Outstanding Scout Family in the Lake Minnetonka District.
