

2019 Lake Minnetonka Volunteer Recognition

District Award of Merit -- Vicki Jurek

This Scouter keeps so busy on so many levels; you might believe her superpower is being in more than one place at a time. On the Pack level, she serves as Committee Chair, bringing leaders together to organize and plan activities, which has earned countless benefits in recruiting and retaining youth and their parents, in the end creating a high-performing Unit. Her Pack has earned JTE Platinum in 2016, 2017, and 2018.

On the District level, she is a wonder at Committee meetings with innovative ideas for promoting membership. She started as our Cub Scout Roundtable Commissioner before taking on the role of Membership Chair. In this position, she has labored to advance membership in our District. She even created a Lake Minnetonka Recruitment Guide for Units, with tools and resources to assist in creating a recruiting plan for a Pack, Troop or Crew. During fall recruiting, she is an unstoppable force, reaching out to every prospective youth who signs up through our website to ensure they are connected to Units.

On yet another level, this whirl of energy holds a seat on the Northern Star Council Membership Team, where she has been a great benefit to our District as well.

Somewhere in all this, she found time to become Wood Badge trained, adding to her credentials of the Duke of Edinburgh Award and Queen Scout; and found time to staff a Wood Badge course as a Troop Guide, has attended courses at Philmont Training Center and is a Philmont Ambassador.

The Lake Minnetonka District is pleased to recognize Vicki Jurek as a recipient of the District Award of Merit for the incredible work she does.
