

2019 Lake Minnetonka Volunteer Recognition

Outstanding Cubmaster -- Walter Mensen

This guardian is the lantern of his Pack, giving light to the Den Leaders by providing many opportunities in adventures, advancement, camping and a constant string of new ideas that continue to make the Pack thrive. As their valiant Cubmaster he continues to improve the Scouting experience.

He coordinated the purchase of a like-new aluminum Pinewood Derby track for the Unit, provided several parade opportunities for the Cub Scouts with their own Scout-themed float, offered numerous options for Pack camping, fundraising opportunities selling root beer floats at Chaska River City Days, along with so many others. He guides the Pack's efforts in recruiting new Scouts at such events as the Chaska Touch-a-Truck event and School Night for Scouting, and strives to retain membership and strong Pack leaders through the support of his fellow Scouters. Since he became Cubmaster, his Pack continues to achieve success and has repeatedly earned JTE Platinum status.

The success of Chaska Pack 301 is due largely in part to the superhuman efforts of Walter Mensen, truly a Lake Minnetonka District Outstanding Cubmaster.
