

Brad Jans

Outstanding Cubmaster

After twelve years, this decorated Scouter is stepping down from service in his Pack, and in those years has served in numerous positions from Den Leader to his current position of Cubmaster. He's been a vital part of the Pack who has always worked well with both the Committee members and the Den Leaders, and has considered the Pack as his second family, caring for all the boys as if they were his own children. He's always level-headed, and consistently tries to ensure everyone has fun and stays safe. His long Pack career was celebrated at this year's Blue and Gold Dinner, and he reflected on his experience with an inspirational story that had many of the parents in the room in tears. From here he'll be heading on to guiding young men in the Boy Scout program, and the leaders in his Pack wish him well.

With great honor Lake Minnetonka District recognizes Brad Jans of Long Lake Pack 206 as an Outstanding Cubmaster.
