

## 2019 Lake Minnetonka Volunteer Recognition

### Outstanding Den Leader -- Jenny Flansburg

Throughout her Scouting career, this superheroine has been a fantastic Den Leader. Starting with a Tiger Den, she has courageously led her Cub Scouts through the ranks to Arrow of Light -- along the way consolidating two Webelos Dens, and even a third, allowing those leaders to take on other needed duties in the Pack. This supermom even led her Den while very pregnant, and later caring for an infant son. This year she prepared her ten Webelos Scouts to earn Arrow of Light and move on to become successful and very well-received members of a Scouts BSA Troop.

During her time with the Pack, she has held many positions both officially and unofficially, as the jobs just needed to get done. In addition to her Den, she has helped with recruiting efforts, new member coordination, a number of Pack activities and more. She coordinated with local businesses to set up storefront popcorn tables and scheduled over 200 shifts of Scouts and parents to staff those tables.

With her Cubmaster husband, one son in the Troop, another in a Tiger Den and yet another future Cub Scout still at home, we look forward to having this super Scouter involved in Scouting for a long time.

The Lake Minnetonka District and Long Lake Pack 206 are pleased to recognize Jenny Flansburg as an Outstanding Den Leader.
