

2019 Lake Minnetonka Volunteer Recognition

Glowing Ember Award Joelle Coutu Pack 3481- Plymouth

Joelle really fosters a culture of excellence, fun, creativity and flexibility in our Pack. As the Committee Chair, she does all of the typical Committee Chair responsibilities as expected. We can always rely on her to get her piece of the puzzle done. This consistent execution of her role shows that she values excellence in her work, and as others watch her do her job well, it inspires others to seek excellence in the work that they do. However, you would expect this out of most Committee Chairs, and it is not what makes her our Glowing Ember. What makes Joelle our Glowing Ember are some of the qualities that she has that goes above and beyond what you'd expect out of a Committee Chair.
