

2019 Lake Minnetonka Volunteer Recognition

Outstanding Pack Committee Member - Nira Rajan

This hardworking Wood Badge-trained Scouter has held a number of valued positions for her Cub Scout Pack over the years; most recently serving as not only its Committee Chair, but also Advancement Chair, Event Chair and Recruitment Chair. She worked with schools to gain more access, has tirelessly pursued interested families, and has done a great job at involving parents and their talents. She has worked to help maximize the Pack's presence and exposure at countless venues and facilities throughout the area.

She has served as the point of contact with numerous important facilities, providers and hosts, always with the benefit of the Pack at heart. Some have said she may do her job too well, as to maintain the high level of momentum she creates, her past duties have been distributed between no fewer than three different volunteers!

For her superior abilities, we are proud to thank and recognize Nira Rajan of Wayzata Pack 283 as an Outstanding Pack Committee Member in the Lake Minnetonka District.
